Oh, I added all the background stuff since there may be several new people involved. But we can fly through that if not necessary to recap.

Also, if there's other key background items, please add them.

Judy, I re-vamped it quite a bit but am open to your further edits. Please look through it and we should talk through it later today (free at 4pm) or tomorrow.

I also extended the invite to Mindy Clements (PASI Manager) and will clue her in this afternoon. I think she will invite her AD Will Duncan as well.

Thanks, John
